

**Oroville Facilities Relicensing
Federal Energy Regulatory Commission Project No. 2100
Notes from Flip Charts
October 28, 2003**

The following list was recorded on flip charts during the Plenary Group Meeting. The flip chart listing is not intended to be a transcript or analysis of the meeting or to indicate agreement or disagreement with the items listed; the intent is to provide a summary for informational purposes for interested parties who could not attend the meeting.

Action Items

- ❑ Plenary-PDEA process – relationship to settlement negotiations (clarification of Plenary role)
- ❑ Re-distribute draft guidance document on cumulative analysis

Concerns with Process Protocol Revisions

- ❑ Change in procedure
- ❑ Confidentiality concerns
- ❑ Concern decisions are made by negotiation team
- ❑ Concern how it can be confidential when it is about public agencies
- ❑ Concern about separate negotiations

Questions to be answered during continuation of cumulative effects analysis presentation

- ❑ How do you separate out effects from hydropower from effects from water supply components of project purpose?
- ❑ What is status (development) of cumulative analysis within the work group level?
- ❑ Clarify how other projects will be analyzed relative to cumulative impacts
- ❑ Clarify scope for cumulative analysis
- ❑ Re-distribute draft guidance document on cumulative analysis
- ❑ Clarify difference between direct, indirect, and cumulative impacts and environmental baseline

Further discussion of trust and confidence in ALP? No
